About HSNC (Triad Hindu Temple)

For many years, prayer meetings were held at people's homes, community halls and even motel rooms! It took the drive, dedication, and commitment of many people to buy this land and build the Center in 2424 Huffine Mill Rd, McLeansville, NC 27301 . Thanks to their generosity, we now have a place to call our own. This is our society and our community. It is now up to every one of us to build upon this to preserve and perpetuate our heritage. "When we channel individual strength together, we will have a strong society, a society our next generation will be proud of and ready to take over".

The HSNC has been the stage for several Music programs and spiritual discourses over the past years. More importantly it has been a stage for the children of the Hindu community to showcase and hone their many talents. Since 2009, HSNC is also known as Triad Hindu Temple. In 2021, Triad Hindu Temple moved to new centralized location and construction of bigger and authentic Temple started. HSNC mission is to serve the Hindu Community and promote Hindu Culture through religious, social, and educational activities. Regularly scheduled events include puja, bhajans, Balvihar, children's programs, Veda class, celebration of festivals, community services, Urban Ministry services and teen outreach programs, for further details, please visit Temple website www.triadhindutemple.com

Temple Schedule

Monday-Friday: 9 AM – 12 Noon, 5:30 PM - 8:30 PM
Saturday-Sunday: 10:00 AM – 1:00 PM, 5:30 PM - 8:30 PM

(Special events details will be updated on temple website and watch out for our weekly newsletter and monthly puja schedule announcements)

MAHADACHARYA, SRI MURALIKRISHNA SARMA BHUVANAGIRI

Our Priest at the Temple, Mahadacharya, Sri Muralikrishna Sarma Bhuvanagiri, comes from a traditional Vedic family and is a native of Hyderabad, AP India. He is fluent in his native language, Telugu, Sanskrit, Hindi and English and can understand a few other Indian languages.

His Temple related work experiences to include: Devalaya Samprokshanam; Nitya Shodasopachara Puja; Abhishekams, Alankarams, Archanas; Aalya utsava; Temple Festivals like Brahmotsavam, Kalyanotsavam, Devalaya Prathistapanas, Devalaya Kumbhabhishekams, all homams and Yagnams normally done at the Temples.

PANDIT SRI DAMODARA BHATTAR

Pooja, Navagraha Shanti Homam,
Maha Rudra Homam, Maha Sudarshana Homam, Mrityunjaya Homam,
Shodasha samskaras, Upanayanam, Shasti purti, and all other poojas.

Pandit Sri. Damodara Bhattar comes from a traditional priest family. He is fluent in Telugu, English, Hindi, Kannada, and Tamil.

Pandit Bhattar specializes in Ashtapada alankaram for all Uthsava Moorthis and different alankarams for all deities. His Temple work experience includes Jeernodhara Punar Pranapratista, Kumbhabhishekam and Koti Kumkum Archana. Pandit Bhattar performs all rituals: Grihapravesham, Satyanarayana Pooja, South & North Indian Wedding ceremony, Dhanalakshmikubera

Priest Services for the Community

HSNC/THT achieved a major milestone in 2012 by hiring an in-house priest to not only perform daily Pujas for the deities and conduct major religious events, but also to cater to individual community members' needs so that all traditional Hindu rites and rituals are performed.

In October 2020, we got our second priest. With two priests THT will conduct all three sampradayas, pujas and rituals, get ready for our move to authentic Agama Shastra Triad Hindu Temple and meet growing community priest service needs. To request priest services, please submit a request in Temple website using the "Services ->Priest Services" tab. A list of services that can be performed by our priest is available in the temple website www.triadhindutemple.com and our priests can be reached by email priest@triadhindutemple.org

CALENDAR EXPLANATION

महाकृष्ण वशिष्ठ॥ यस्मिन् पक्षे यत्र काले येन दृग्गणितैक्यम्। दृश्यते तेन पक्षेण कुर्यात्तिथ्यादिनिर्णयम्॥

Bigest misconception is “Indian Hindu festivals observance date in the Indian calendar / panchang is applicable for all location in world”. We use our favorite Panchangam from India to find an observance date for an Indian festival. Observance dates from Indian Panchangam is valid only in India and is not transferrable to other locations. Another misconception arises due to the time zones/differences is as USA/Canada and Europe is behind in time then Festival will come a day later in USA/Canada and Europe. This is incorrect. If Seattle/Vancouver/California is 13 hours 30 minutes behind Indian Standard Time and say an event is happening in India at 8 AM then will it be the previous day in USA/Canada. You’ll subtract 13 hours 30 minutes from 8 AM. Which gives 6 hours 30 PM the previous day in USA/Canada Pacific Time Zone. **Tithis, Nakshatras, Yoga and Karana are such events, as they end at the same instance all over the world.** After calculating tithi and nakshatra endtimes per local timezone, the rules used to determine festivals. The local factors like like Sunrise, Sunset, Moonrise, and Moonset are used along with Tithi to determine festivals. Hence, sometimes festivals may appear on the same day as India or a day before in the countries west of India. The countries east of India the festival may appear on the same date as India or a day later.

between 19 to 26 hours. Each 12 degrees distance between the Sun and the Moon is Tithi. Panchangam contains two types of calculations: **Local coordinates like longitude and latitude:** Sunrise, Sunset, Moonrise, Moonset depends on this set. **The Geocentric astronomical positions for the Sun and the Moon.** The tithi, nakshatra, yoga and karana are based on this set of calculations. This astronomical phenomenon happens instantly at the same moment on the earth everywhere, and hence thithis, nakshatra will begin and end at the same time / instance all over the world and we must convert them to our standard time. Indian panchang makers convert this ending times to Indian time. Likewise, we need to convert it to our time zone for America/Canada or other country for that matter.

For example: October 17th 2008 the Ashwayuja (Ashwin) Krishna Paksha / Poornimant Kartik Krishna paksha tithi Tritiya ends at 16:39:21 Indian Standard Time, and chaturthi starts. That means at 16:39 hours there is tritiya still prevailing in India. Now on October 17th 2008 in Seattle, WA at the 16:39 hours we won't have tritiya at that time. We already have chaturthi started because Planets keep on moving. 13 hours have passed and the position of sun and moon have changed. So what time Tritiya will end in Seattle? The time difference is 13 hours 30 minutes (with one our day light saving time it gives the difference of 12 hours 30 minutes from IST). So, let's subtract 12 hours 30 minutes from the 16:39:21. That gives us 04:09:21 AM on October 17th. So on October 17th after that time we'll have chaturthi tithi and before we have tritiya. The same way if tithi ends at 8:39 AM on Sept 12 in India it will end at 20:09 PM on Sept 11th in Seattle. The same way Western Australia is 8 hours ahead of GMT and hence the chaturthi will end there at 12:09 PM on Sept 12th. The arth keeps moving. It doesn't wait for tithi or festivals to arrive in your timezone. **The sun doesn't rise instantly at the same time all over the world Hence we need to convert the panchanga times to local standard time. After knowing tithi ending times, it's a time to decide festival dates for each region.**

How festivals are determined? The sankathara chaturthi the chaturthi tithi must be prevailing during the moonrise time. Sankathara Chaturthi/Karwa Chauth is celebrated when Chaturthi prevails during moon rise time Moonrise in New Delhi on a given date is at 19:36 and in West Bengal, Kolkatta is at 19:25 PM. Now tritiya ends at 19:32 PM IST. So Kolkatta will celebrate karwa chauth/sankathara chaturthi on the Tomm where as people in New Delhi will celebrate on the same day.

Timings in this calendar are end timings of the Tithi and Nakshatra and for Sun/Moon entering time when it enters a new rashī. If the hour number is greater than 12 it means PM. When the hour number is greater than 23 then it ends on the next English date before sunrise, that means subtract 24 hours from hour to get exact time and take next English date. For example, tithi Amavasya ends at 26:36 on 19th March 2015 it means it ends at 2:36 AM on 20th March.

Uttarayana/Dakshinayana: The season occur based on earth's position around the Sun. This is due to Earth's tilt of 23.45 degrees. The Earth orbits around Sun with this tilt. When the tilt is facing the Sun, we get summer and when the tilt is away from the Sun we get winter. **This tilt it creates a phenomenon like the Sun travels north and south of the equator. The Uttarayana (Winter Solstice) is the Sun appearing to move north. The Dakshinayana (Summer Solstice) is the Sun appearing to move towards South.** This causes seasons, equinoxes and solstices. There is a common misconception that Makara Samkranti is the Uttarayana. This is because at one point in time Sayana and Nirayana Zodiac were same. Every year equinoxes slides by 50 seconds due to precision of equinoxes, giving birth to Ayanamsha and causing Makara Samkranti to slide further. If you think Makara Samkranti is uttarayana then as it is sliding it will come in June after 9000 years. **All Drigganitha Panchanga makers like mypanchang, Rastriya Panchang, Janmabhumi Panchang, will use the position of the tropical Sun to determine Uttarayana and Dakshinayana. Hence January 14th isn't Uttarayana. Actual Uttarayana occurs on December 21st/22nd of every year. The same for Rutu. Rutus are always observed based on Tropical position of Sun.**

About myPanchang.com: myPanchang.com is the leading panchang maker providing the most accurate panchagam for over more than 394 cities all over the world based on highly accurate driga ganitha. Most temples in the world rely on myPanchang.com for accurate Panchang data and festival observance times. For more details please visit <http://www.mypanchang.com>.
