About HSNC (Triad Hindu Temple)

For many years, prayer meetings were held at people's homes, community halls and even motel rooms! It took the drive, dedication, and commitment of many people to buy this land and build the Center in 2424 Huffine Mill Rd, McLeansville, NC 27301.

Thanks to their generosity, we now have a place to call our own. This is our society and our community. It is now up to every one of us to build upon this to preserve and perpetuate our heritage. "When we channel individual strength together, we will have a strong society, a society our next generation will be proud of and ready to take over".

The HSNC has been the stage for several Music programs and spiritual discourses over the past years. More importantly it has been a stage for the children of the Hindu community to showcase and hone their many talents. Since 2009, HSNC is also known as Triad Hindu Temple. In 2021, Triad Hindu Temple moved to new centralized location and construction of bigger and authentic Temple started.

HSNC mission is to serve the Hindu Community and promote Hindu Culture through religious, social, and educational activities. Regularly scheduled events include puja, bhajans, Balvihar, children's programs, Veda class, celebration of festivals, community services, Urban Ministry services and teen outreach programs, for further details, please visit Temple website www.triadhindutemple.com

PANDIT SRI DAMODARA BHATTAR

Pandit Sri. Damodara Bhattar comes from a traditional priest family. He is fluent in Telugu, English, Hindi, Kannada, and Tamil.

Pandit Bhattar specializes in Ashtapada alankaram for all Uthsava Moorthis and different alankarams for all deities. His Temple work experience includes Jeernodhara Punar Pranapratista, Kumbabhishekam and Koti Kumkum Archana. Pandit Bhattar performs all rituals: Grihapravesham, Satyanarayana Pooja, South & North Indian Wedding ceremony, Dhanalakshmikubera

Pooja, Navagraha Shanti Homam, Maha Rudra Homam, Maha Sudarshana Homam, Mrityunjaya Homam, Shodasha samskaras, Upanayanam, Shasti purti, and all other poojas.

Priest Services for the Community

To request priest services, please submit a request in Temple website using the "Services -> Priest Services" tab. A list of services that can be performed by our priest is available in the temple website www.triadhindutemple.com and our priests can be reached by email priest@triadhindutemple.org

Temple Schedule

Monday-Friday: 5:30 PM - 8:30 PM

Saturday-Sunday: 10:00 AM – 1:00 PM, 5:30 PM - 8:30 PM

(Special events details will be updated on temple website and watch out for our weekly newsletter and monthly puja schedule announcements)

CALENDAR EXPLANATION

महात्रषि वशिष्ठ॥ यस्मिन् पक्षे यत्र काले येन दृग्गणितैक्यम्। दृश्यते तेन पक्षेण कुर्यात्तिथ्यादिनिर्णयम्॥

Biggest misconception is “Indian Hindu festivals observance date in the Indian calendar / panchang is applicable for all location in world”. Observance dates from Indian Panchangam is valid only in India and is not transferrable to other locations. Another misconception arises due to the time zones/differences is as USA/Canada and Europe is behind in time then Festival will come a day later in USA/Canada and Europe. This is incorrect. Tithis, Nakshatras, Yoga and Karana are such events, as they end at the same instance all over the world. After calculating tithi and nakshatra endtimes per local timezone, the rules used to determine festivals. The local factors like like Sunrise, Sunset, Moonrise, and Moonset are used along with Tithi to determine festivals. Hence, sometimes festivals may appear on the same day as India or a day before in the countries west of India. The countries east of India the festival may appear on the same date as India or a day later.

Hindu day changes at the sunrise (not midnight), a Hindu day (Vaara) is from one sunrise to another. The Hindu date or tithi doesn't change at the midnight, and it is not always fixed 24 hours long it can

be anything between 19 to 26 hours. Each 12 degrees distance between the Sun and the Moon is Tithi. The tithi, nakshatra, yoga and karana are based on geocentric positions of the Sun and the Moon. This astronomical phenomenon happens instantly at the same moment on the earth everywhere, and hence thithis, nakshatra will begin and end at the same time all over the world and we must convert them to our standard time. Indian panchang makers convert this ending times to Indian time. Likewise, we convert it to our time zone for America/Canada or other country for that matter.

For example: October 17th 2008 the Ashwayuja (Ashwin) Krishna Paksha tithi Tritiya ends at 16:39:21 Indian Standard Time, and chaturthi starts. That means at 16:39 hours there is tritiya still prevailing in India. The time difference with Seattle and India is 13 hours 30 minutes (with day light saving time the difference is 12 hours 30 minutes from IST). So, let's subtract 12 hours 30 minutes from the 16:39:21. That gives us 04:09:21 AM on October 17th. So on October 17th after that time we'll have chaturthi tithi and before we have tritiya. The earth doesn't wait for tithi or festivals to arrive in your timezone. The sun doesn't rise instantly at the same time all over the world Hence we need local sunrise, sunset, moonrise and moonset times, along with Tithi, & Nakshatra ending times to determine festival date and time.

How festivals are determined? The sankathara chaturthi the chaturthi tithi must be prevailing during the moonrise time. Moonrise in New Delhi on a given date is at 19:36 and in West Bengal, Kolkata is at 19:25 PM. Now tritiya ends at 19:32 PM IST. So Kolkatta will celebrate karwa chauth/sankathara chaturthi on the Tomm where as people in New Delhi will celebrate on the same day. Timings in this calendar are end timings of the Tithi and Nakshatra and for Sun/Moon entering time when it enters a new rashi.

Uttarayana/Dakshinayana: The season occurs based on Earth's position around the Sun. This is due to Earth's tilt of 23.45 degrees. The Earth orbits around Sun with this tilt. When the tilt is facing the Sun, we get summer and when the tilt is away from the Sun we get winter. **This tilt creates a phenomenon like the Sun travels north and south of the equator.** The Uttarayana (Winter Solstice) is the Sun appearing to move north. The Dakshinayana (Summer Solstice) is the Sun appearing to move towards South. This causes seasons, equinoxes and solstices. There is a common misconception that Makara Samkranti is the Uttarayana. This is because at one point in time Sayana and Nirayana Zodiac were same. Every year equinoxes slide by 50 seconds due to precision of equinoxes, giving birth to Ayanamsha and causing Makara Samkranti to slide further. If you think Makara Samkranti is uttarayana then as it is sliding it will come in June after 9000 years. **All Drigyantha Panchanga makers like mypanchang, Rastrya Panchang, Janmabhumi Panchang, will use the position of the tropical Sun to determine Uttarayana and Dakshinayana.** Hence January 14th isn't Uttarayana. Actual Uttarayana occurs on December 21st/22nd of every year. The same for Ritu. Rutus are always observed based on Tropical position of Sun.

About myPanchang.com: myPanchang.com is the leading panchang maker providing the most accurate panchagam for over more than 394 cities all over the world based on highly accurate driga ganitha. Most temples in the world rely on myPanchang.com for accurate Panchang data and festival observance times. For more details please visit <http://www.mypanchang.com>.

Years of Triad Real Estate Experience

"Nalini is a fantastic agent...easy to work with and absolutely pleasant to rely on. In fact, her hospitality and attention to finer details even after we moved into our new home are exceptional. We highly recommend Nalini Sankar for any future relocation or real estate needs."

"We have used Nalini Sankar before, and because she was so efficient and professional, we were pleased to ask for her assistance once again. We highly recommend her services."
