December 2020 Construction Update

Dear Devotees and Triad Community Members,

Construction Update:

Site development and the construction of balalayam are in the final phases. But due to unprecedented rains and other COVID related delays, the completion and final inspection are now pushed to mid to late January 2021. The work on the under slab utilities and concrete slab for the balalayam were completed in November. The metal studs and wall framing work started this week and are slated for completion by next week. The exterior EFIS and interior work for the balalayam were delayed and are now expected to start in couple of weeks. The grading/leveling work in the north and south parking lots were completed with curb/gutter, crushed stone and final asphalt expected to start from next week. As we near completion of balalayam construction, please stay tuned to hear exciting news about balalayam opening and THT temple move in the next month's newsletter.
