MISSION STATEMENT

THT Youth Club is a group of passionate individuals who want to impact the youth of our society. We know that our strength lies not only in the words we stand by, but most importantly through the actions of our initiatives. Our goal is to help the succeeding generations thrive in their future leadership roles and understand the importance of giving back to the community.

Story of the Month:
The King's Parrot

Author : Unknown
Contributed by : Adhvika

Once upon a time, there was a king who had gone to visit neighboring kingdoms. He was gifted a pair of baby Macaw Parrots by the king of the last kingdom where he was visiting. They were the most beautiful birds he had ever seen. So, upon returning to his kingdom, he called for a bird trainer and asked him to train macaw parrots.

The king also arranged a place in the palace garden for the parrots. He often looked at them from his palace window. As time passed, one day the trainer came to the palace and informed the king that though one of the parrots was flying majestically high in the sky, the other one was not moving from its branch since the day it had arrived.

Upon hearing this, the king summoned trainer and healers from the nearby kingdoms. They all tried their best but couldn't make the parrot fly! He even asked his courtiers to try to find a way to make the parrot fly, but they all failed. The parrot was not moving from his branch at all. Finally, after trying everything, the king thought that maybe he needs someone who may be more familiar with natural habitat. He asked his courtier to get a farmer from the countryside and take him to the parrot to see if he can understand the problem with the parrot.

The next morning, the king was thrilled to see the parrot flying high above the palace gardens. He asked his servant to call that farmer to meet him. The servant quickly went and located the farmer, who came and stood before the king. The king asked him, "How did you make the parrot fly?"

With his hands folded with respect, the farmer said to the king, "It was very easy, your majesty. I simply cut the branch where the bird was sitting."

Moral of the Story:

We are all gifted with energy to find success in our life but fail to gather a courage which is required to reach heights of success and end up clinging to the things that are familiar to us. We need to free ourselves from our comfort zone to explore new opportunities and find success beyond our capacity.

Career Day Recap

By: Advay

On Sunday, March 7th, 2021, the THT Youth Club hosted a Career Day event to give our members & others some insight on different careers. We had 3 professionals discuss their careers - Dr. Shyam Aravamudhan, Dr. Arvind Chandrasekaran, and Mr. Nikhil Iyer. Dr. Aravamudhan is an Associate Professor at the Joint School of Nanoscience & Nanoengineering at A&T University. Dr. Chandrasekaran is also an Associate Professor at A&T in the Department of Chemical Biology & Bioengineering. Mr. Iyer is a musician with thousands of followers on YouTube, Spotify, and many other social media platforms. The event included a Q&A session as well as a segment for the speakers to explain their careers. Dr. Aravamudhan and Dr. Chandrasekaran shared how their love of teaching and learning new things led them to their profession. Mr. Iyer discussed being independent and the process of working towards a project that you are responsible for. Our Youth Club is looking forward to hosting more Career Days in the future & we give a very special thanks to the speakers for coming out and talking about their professions!
